

NASSAU CONTAINER PORT

Notice to Carriers

No. 2 of 2015

Dangerous Cargo

April 16th, 2015

Please be advised that the **Nassau Container Port Tariff** Governing Terminal Facilities Version 1.5 addresses Dangerous Cargo under section **IV. General Rules and Regulations G. A** as follows:

G. Dangerous and Hazardous Cargo

A Articles of inflammable, radioactive, explosive or of an otherwise hazardous or dangerous nature, or of uncertain value, will not be governed by this Schedule or provided with terminal services except under advance arrangements with the management of APD and the terminal operator, with the permission of the appropriate agencies of the Commonwealth of The Bahamas, subject to applicable Governmental regulations.

We require advance notice of the following classes of hazardous material by way of inclusion in a Hazardous Cargo Manifest to be provided 18 hours prior arrival as per VI. A 1. Of the Tariff.

Advance notice is required for all class 1 explosives, class 7 radioactive, class 5.2 temperature sensitive, bulk shipments of class 2.1 flammable gas, and class 2.3 flammable gases.

APD LIMITED

Management
